COURSE INTRODUCTION

# WELCOME

Welcome to the Social Enterprise English Language School or SEELS Learning Platform on Montessori English teaching for 2.5 to 6 year olds. This Montessori Juku Playbook or MJP was designed and developed based on best practices from three Montessori education centers around Asia.

The written manuals were based on the decade long history of SEELS as a provider of English teachers training throughout Japan, and from the best classroom experiences of SEELS Vietnam Montessori Bilingual Preschool. Enhanced by the expertise of Ms. Simriti Singh, an AMI certified trainer based in New Delhi, India. With eight years of classroom experience she also runs a learning center named Inaayat, the Early Intervention Center. The center focuses on children on the autism spectrum as well as training teachers in the Montessori Method.

Montessori Juku Playbook users are expected to further develop and hone the knowledge and skills of Montessori international preschool teachers, homeschool teachers, homeschooling mothers, childcare workers and volunteers, researchers, students and to all interested parties in promoting Montessori education. However, this electronic copy of Montessori Juku Playbook is **only for the exclusive use and as the official syllabus and teaching guidelines of SEELS Teachers Academy's Outcomes-Based Education on Montessori International Preschool Teacher Diploma Course.**
